

NO ATTEMPTS TO "FIX" 1920 WORLD SERIES

Investigation Fails to Disclose Evidence of Gambling in Brooklyn.

WANT PUBLIC COMMISSION Pershing, Landis and Taft Suggested as New League Baseball Rulers.

By United Press Leased Wire  
New York.—No attempt has been made to bribe any of the players of the Brooklyn National league club to "throw" the 1920 world series. District Attorney Harry E. Lewis, of Kings county, declared today at the conclusion of his investigation.

Lewis in a lengthy statement, reviewing the history of the probe, said:

"My investigations have not disclosed a single suspicion that any attempt has been made to fix the coming series. Not only have my investigations failed to disclose any facts that would lead me to believe that any Brooklyn player had been approached, but my personal interviews with the players led me to think it would be very dangerous for any gambler to approach any of them with a dishonest suggestion."

"Charles H. Fehbel, president of the club, said he felt that 'we have been completely exonerated, after the fullest investigation.'"

"He declared the probe had been a good thing for baseball as it lifted any cloud that might have hovered over the coming world series."

Asks for Evidence  
Regarding the alleged statement of District Attorney Macfarlane Hoyle in Chicago, Lewis said:

"This morning my attention has been called to statements purporting to have been made by the Chicago state's attorney, in substance that some of this year's major league games were fixed by a gambling clique and that he had information that the ground work had been laid to fix the 1920 series by this same gambling clique."

"I have wired the Chicago attorney to send me any such information which he has. I have not yet received any answer. If the Chicago attorney furnishes any information to this office or any proof forthcoming at any time of dishonesty on the part of either players or gamblers, or any one, prompt prosecution will follow."

Urge New Commission  
Chicago.—Reorganization of baseball, with a commission composed of men of the type of General Pershing, Judge Taft and Judge Landis, in supreme control, was being considered today by owners of major league baseball teams.

The plan has been approved by Charles A. Comiskey, owner of the White Sox; John J. McGraw, part owner of the New York Giants; William Veeck, president of the Chicago Cubs; Barney Dreyfuss, owner of the Pittsburgh Pirates; and John A. Heyd, president of the National league.

Ray B. Johnson, president of the American league, said today he had not been consulted.

"Those backing the reorganization idea planned to put it before the baseball magnates after the world series this year. Scandals in baseball resulting in indictments being voted by the Cook county grand jury, hastened action."

An official announcement of the new plan said it probably would be acted on at a meeting in November in Kansas City when minor leaguers gather.

Paid High Salaries  
Under the proposed plan the commission would attempt to arrange a working agreement between minor and major league teams.

Members of the commission would be paid "the highest salaries of anyone in baseball."

Foreigners To Attend Night Classes

Foreigners of Outagamie county are to have an opportunity of attending classes in citizenship this year for the first time. Classes are to be organized in the various school districts and provision is to be made for instructors.

The work is to be undertaken through the office of the county superintendent of schools. Within the next few days A. G. Meating will address a letter to each school teacher of the county to ascertain the number of foreigners in each district. Arrangements will then be made for the organization of classes which in all probability will meet regularly each week at the school houses.

The certificate granting Superintendent Meating the authority to organize these classes reads:

"The government of the United States of America, thru the Bureau of Naturalization of the United States Department of Labor hereby accepts the cooperation of the public schools of Outagamie county and approves their aiding in promoting instruction and training in citizenship responsibilities as provided by the act of congress approved by the president of the United States, May 9, 1918."

"In accordance with that act of congress the federal text books may be delivered by the constituted authorities of the above named public schools to students attending their citizenship classes."

BADGER GROWTH IS 12.8 PER CENT

Population Gain of the State Does Not Keep Pace With Appleton.

By United Press Leased Wire  
Washington.—The census bureau today announced the following 1920 population figures:

State of Mississippi 1,789,182; increase 297,979, or 12.8 per cent.  
State of Oklahoma total 2,027,584; increase 570,409, or 22.4 per cent.  
State of South Dakota 625,838; increase 51,351, or 8.3 per cent.  
State of Mississippi 1,789,182; decrease 1,322, or .4 per cent.

The population growth of the state did not keep pace with the growth of Appleton in the last ten years. This city experienced a growth of 16.6 per cent. The state growth, however, was .6 of a per cent greater than Outagamie county, which was credited with a population gain of 12.2 in the ten year period.

LEAGUE ISSUE IS THORN TO HARDING

Republican Nominee Finds It's Difficult Task to Harmonize Party.

(By Raymond Clapper)  
By United Press Leased Wire  
West Jefferson, Ohio.—An old-fashioned farmers' basket picnic and barbecue at Wilson's grove, near here, offered the setting for Warren G. Harding's speech today.

Leaving Marion after breakfast, Harding autographed to Wilson's grove where ten thousand farmers gathered from the great central Ohio corn belt.

Harding spoke briefly on agriculture, declaring the welfare of the American farmer is the welfare of the American people.

Government aid to farmers purchasing land; cheaper distribution of farm products through co-operative marketing and more efficient rail and motor transportation and protection of American agricultural products from cheaper foreign competition.

The republican nominee is finding the league of nations issue the most troublesome of his campaign. Headed quarters still profess ignorance regarding the alleged intention of Senator Borah, Idaho, a treaty irreconcilable to quit the stump.

Harding sent a telegram to Edward A. Ryan, Washington, D. C., the heckler who interrupted him at the Baltimore meeting, flatly declining to state more fully his attitude on the league issue.

Ryan had asked Harding if he favored scrapping the league and was arrested. He followed this with a telegram to Harding, repeating the question. Replying, Harding expressed regret for the arrest of Ryan, but declared he could not agree to answer the question just as Ryan chose to frame it and that his task was to harmonize views of different groups in such a policy could be adopted which would have the united support of the country behind it.

In his speech today, Harding urged raising the standards of rural education in which he said we have been "deplorably delinquent."

Adult education for immigrants should be encouraged also, he said, as a remedy for illiteracy.

Advocating cheaper distribution of foodstuffs, Harding said that while the legitimate middleman must be protected, profiteering must be squeezed out.

BRITISH MINERS WILL VOTE AGAIN ON STRIKE

By United Press Leased Wire  
London.—The question of a nationwide strike will again be referred to a direct vote of the coal miners. The strike, originally voted for Sept. 25, was postponed until today. At a meeting of miners' executives and delegates held yesterday, it was decided to put off the strike until October 16 to permit a national ballot on the latest compromise offer of the owners.

The referendum will be held Oct. 11 and 12. On October 14 the miners' delegates will meet again to take up the results of the vote.

Meantime 2,000 miners in Wales, objecting to the "slowdown" of the negotiations, have gone on strike.

Later 5,000 additional miners went out for the same reason.

RUSSIAN REDS RISE AGAINST SOVIET RULE

Consternation Reigns in Moscow as Workers Start New Revolution.

SOVIET ARMIES CRUMBLING Soldiers Hold Meetings Demanding Peace and Workers Go on Strike.

By United Press Leased Wire  
London.—An anti-bolshevik wave is sweeping over Russia and consternation is reigning in Moscow, according to dispatches received from Helsinki today.

"The majority of factory workers in Helsinki were reported to be on strike, ostensibly because of the food shortage but with the real object of overthrowing the Red regime."

Soviet troops on the western front were said to have held mass meetings, demanding immediate peace. It was recalled that just such demonstrations immediately preceded the overthrow of the Kerensky regime.

General Budenny, the famous Russian cavalry leader, whose forces recently were badly defeated in Galicia, will be court martialed, according to the dispatches.

Reports from various sources indicated further crumbling of the bolshevik armies on all fronts. A Constantinople dispatch said General Wrangel had completely destroyed several Red divisions in the region of Alexandrovsk, in southern Russia.

Soviet forces were surrounded in the vicinity of Veretovsk. Paleyoff and Orpikogl. Ten thousand prisoners were taken and huge quantities of munitions captured.

On the Polish front, the bolsheviks were completely routed in the Lida region, south of Vilna, according to the Warsaw communique.

An entire Russian division was reported to have surrendered after assassinating its commissaries. The commander of the Russian Third army was said to have committed suicide.

The Moscow communique admitted the evacuation of Lida and Baranovichi but claimed repulse of the Poles along the Aselid and Lutch rivers.

LEAGUE HITS AT ALL PROFITEERS

Cox Declares Article 28 of Pact Contains Word Creed of Humanity.

By United Press Leased Wire  
Joplin, Mo.—Profiteers of both war and peace are opposing the league of nations, Governor Cox charged in a speech here today.

"As you will find the munitions profiteer is opposed to the league because it provides for disarmament, making future wars impossible, so you will find the profiteer of peace opposed to the league because of article 23 which prevents him from exploitation of humanity in sweat shops and unsanitary factories," he said.

"Not only is the league covenant already functioning as the nearest approximation to a guarantee against war, but also it contains the elements for promotion of world progress, and the means for humanitarian advancement," he continued.

"For example article 28 is the world creed of humanity in the league."

"Under this article, the members of the league agree to maintain fair and just conditions of labor for men, women and children, to cooperate in prevention of communicable, contagious and vocational diseases; to prohibit exploitation of women and children and to control the traffic in opium and other dangerous drugs."

Governor Cox announced he had cancelled his speech for Tuesday night in Cleveland.

ANOTHER FIRE RAGES ON GALVESTON WATERFRONT

By United Press Leased Wire  
Galveston, Texas.—The steel warehouse on pier 41 of the Galveston waterfront and wherein state guard troops and every available piece of the city's fire equipment were today trying to check a serious fire, was declared to be owned by the Cotton Corporation plant, one of the heaviest losses as the result of Senator Borah's action in asking the republican national committee to make no new speaking engagements for him.

"The time is fast coming when Senator Borah and Senator Johnson will demand a showdown with Senator Harding as to his league of nations stand," Cox said.

ARREST LANDLORDS IF TENANTS DIE OF COLD

By United Press Leased Wire  
Chicago.—Charges of murder will be preferred against land owners whose failure to provide heat results in deaths. Dr. John D. Robertson, city health commissioner, announced today.

The first wave of winter brought nearly 100 complaints against insufficient heat.

BRITISH PUT O. K. ON THEIR RULE OF ERIN

Irish Situation Is Improving Despite Rioting, Cabinet Asserts.

WILL PROBE REPRISALS

By United Press Leased Wire  
London.—Following a sudden collapse last night, Lord May MacSwiney recovered early today and slept several hours, according to a bulletin issued shortly before noon. This was the fifty-first day of his hunger strike.

(By Webb Miller)  
By United Press Leased Wire  
London.—The British cabinet, after officially placing its stamp of approval upon the administration of Irish affairs by Chief Secretary Greenwood and General MacReady, has decided to investigate the reprisals by Royal Irish constabulary for the killing of policemen by Sinn Fein sympathizers. It was learned today.

"The government is unanimously and unqualifiedly behind the Irish administration," Greenwood said after the meeting.

"The affairs in Ireland are improving rapidly despite reports to the contrary."

"The decision regarding MacSwiney and his colleagues taken six weeks ago, is irrevocable."

From semi-official sources, it was learned while strictest orders were issued against further reprisals, no retroactive measures would be undertaken.

In a letter to the Daily News, General Tudor, of the Royal Irish constabulary, defends the "black and tan." These men have been carefully selected, he said, and have not led or incited any reprisals. Some reprisals have occurred, Tudor admitted, but "as a result of the men being gonaded beyond human endurance."

The Star published a long interview with Alfred Smith who said he resigned from the "black and tan" because of the "appalling lack of discipline."

Smith said he did not remember of any direct instructions for murder but that the reprisals were carried out under the direction of officers. He said the police lorries were always provided with gasoline bombs.

In a statement, Arthur Griffith, acting head of the Sinn Fein, said he knew he had been marked for assassination. He charged British officials with circulating reports that radical Sinn Feiners were planning a campaign of murder which he declared to be "absolutely untrue."

Griffith said a plot had been laid to murder all Sinn Fein leaders.

INDIANA COMMISSION FIXES PRICES OF COAL

By United Press Leased Wire  
Indianapolis, Ind.—The Indiana Coal and Fuel commission fixed its first coal prices today.

The American Mining company and the Knox county coal operators were ordered to sell 36 cars of coal to Indiana utilities and schools at \$4 a ton from the mouth of the mine. Jesse Eschbach, commission chairman, announced.

"This is in accordance with an agreement reached between the operators and the commission by which the operators agreed to furnish fuel to the utilities and schools which Eschbach notifies them are badly in need of coal."

GENOA EXCHANGE IS THREATENED AGAIN

By United Press Leased Wire  
Genoa.—Commander Giacomo Riphine, president of the syndicate of stock brokers, has received anonymous information that another bomb will soon be exploded in the local stock exchange. The police are investigating.

A bomb set off in the Genoa exchange a few days after the Wall street explosion in New York did slight damage but no one was injured.

Probe "Ponzi" Scheme  
By United Press Leased Wire  
Chicago.—Raymond J. Bischoff was summoned to explain to District Attorney Clyne today how profits of 100 per cent were paid on loans of two and three days.

Clyne began an investigation of Bischoff's business affairs following complaints that some failed to get their profits or original investment.

Urge Community Building To House Community Builders

Appleton may possibly go the other cities having community rest rooms one better, if the ideas worked out at the meeting of the rural affairs committee Friday evening at the chamber of commerce are carried out. A community center is suggested, having not only a rest room, but the offices of all civic organizations such as the chamber of commerce, Red Cross home service and health center, Boy Scouts, woman's club and a farm bureau or other rural headquarters.

Representatives of the Red Cross and Appleton Woman's club were present at the meeting and contributed to the discussion. It was found that these various organizations expend about \$300 a month for office rent, and each employs separate staff of clerks. Uniting them all in one building would make it possible to have a rest room, parcel checking center and other community features without any additional expense.

A program of activities that would not work at cross purposes was also named as an advantage of such an arrangement. Each body working for itself is apt to overlap the work of some other, which could be avoided if all were housed together and could confer with each other, it was stated.

Secretary Corbett presented letters and reports from several other cities having rest rooms or community buildings, showing the extent of their use, and what their success was.

"The committee will take steps to find out how the state law regarding municipal control stations may be embodied in the rest room plan, and expects to take up the whole subject in greater detail as soon as some of the bodies affected by the suggestions can be consulted. Chairman William Fountain was instructed to appoint a special committee of three to make inquiries."

The community welfare committee of the chamber meets Monday afternoon, and the board of directors at 6:15 o'clock Tuesday evening.

"YOU'LL LIKE APPLETON" IS CITY SLOGAN

Miss Dorothy Bliss Is Winner in Chamber of Commerce Contest.

500 MOTTOES SUBMITTED  
Chief Prize Winner Also Rewarded for Minor Slogan Suggestions.

"You'll Like Appleton."  
That is the slogan adopted by the convention and publicity committee of Appleton Chamber of Commerce from the 500 suggestions offered in the slogan contest conducted jointly by the chamber of commerce and the Post-Crescent, which closed Thursday night.

Its author is Miss Dorothy Bliss, 412 Franklin street, who also is the monthly slogan contest. She received a prize of \$10 for suggesting the principal slogan and two prizes of \$2 each for the monthly mottoes.

Other winners in the monthly slogan contest are:  
Roy Waldo, 524 Meade street, two slogans.  
Mrs. W. L. Crow, Apartment B, Post Bldg., two slogans.  
The Rev. J. M. Kommers, Hortonville.  
Floyd Laabs, 258 Mason street.  
Joseph Koffend, Jr., 364 Prospect street.  
Mrs. J. C. Hammen, 455 John street.  
Miss Ruth Loan, 755 Morrison street.  
Miss Anna Weimar, 110 Weimar street.

The slogan suggested by Miss Bliss will be used on all the stationery and literature circulated by the chamber of commerce and by a large majority of the city's business men. It will be used on signboards and posters advertising Appleton and wherever the name "Appleton, Wis." is heard it will be instinctively connected with the thought: "You'll Like It."

Other slogans accepted by the committee will be used, one each month, on business literature emanating out of the city. It is planned to add the slogan to the bottom of each letter and give it daily publicity in the press.

The judges were confronted by a stupendous task when they opened the letters and began the work of selecting acceptable mottoes. None of the letters had been opened until the committee went into session. More than two hours was necessary to complete the work.

Selecting the most acceptable motto was a difficult task. Hundreds of Appleton people had devoted their best thought to the work and many creditable suggestions were offered. It was only after long and careful consideration that Miss Bliss was declared the winner.

NAME WOMEN ON STATE REPUBLICAN COMMITTEE

By United Press Leased Wire  
Milwaukee.—The new voter-woman was given recognition by the republican party of Wisconsin here yesterday when three were named officers of the state central committee.

Alvin B. Peterson, chairman, will have Mrs. Henry Youmans of Waukegan as vice-chairman; Miss Katherine Williams, of Milwaukee, as treasurer and Mrs. W. D. Wendt, of Milwaukee, as secretary.

Sol Levitan, Madison; A. J. Horlick, Racine, and W. E. Heineman, Wausau, were named a committee on finance and the following were named members of the executive committee: Walter B. Heineman, Wausau, chairman; Mrs. Lynn Smith, Milwaukee; T. P. Able, Sparta; R. J. White, Milwaukee; A. Jordan, Stevens Point; Miss Ada James, Richland Center, and Dr. J. T. Parker, Fennimore.

It was decided to have a large Wisconsin delegation visit the front porch of Senator Warren G. Harding on October 13. It was understood here, Governor Calvin Coolidge would be at Marion at that time also.

DOGS LOSE TRAIL OF GIRL'S ASSAILANT

Posses Hunt for Bearded Man Who Attacked 12 Year Old Child.

Madison.—Loss of the trail of the moron who yesterday attacked 12 year old Ruth Barkley, three miles from Viola, Wis., failed to check the hunt by a armed posse of 13 farmers to day.

The woods and swamps for miles around Viola are being searched.

Bloodhounds late yesterday lost the trail of the girl's assailant on a highway two miles from the scene of the attack. It is believed by Sheriff Story that the moron caught a ride at this point.

The girl is still in a serious condition in the Richland Center hospital. Her recovery is doubtful.

The little girl left home with her younger brother, Joe, shortly after 8 o'clock in the morning. Joe, with other children, was ahead while the little girl idled along the road.

When lurking by the wayside seized her and her screams failed to reach the other children. Dragging her into the woods he clubbed her into silence and later left her unconscious body beside a spring.

Shortly before noon the little girl revived sufficiently to drag herself to the road, where she was found unconscious by other children.

She was rushed to hospital and cared for. During these brief periods of consciousness she told a disconnected story of the assault, her chief description of the assailant being that he had a big black beard.

Other children who passed the man before the assault describe him as being 45 years old with a heavy black beard and garbed in yellow overalls.

Bloodhounds were rushed to Viola in automobiles from Mauston late Friday afternoon and immediately followed the trail at the scene of the assault. Leading the farmers through woods and across swamps in a southerly course late in the afternoon the dogs lost the scent in a bog but at 7 o'clock Friday night, it was reported the hounds were again on the trail.

Two posses, one led by Sheriff Story and the other by District Attorney Brindley, were following the dogs.

All efforts to identify the man with the black beard have thus far failed. Villagers and farmers unite in declaring that no one of that description lives in the neighborhood south of Viola.

## 'Y' AIRMEN SET FOR OPENING OF FALL CAMPAIGN

Membership Machines to Receive the Final Touches Monday Night.

1,500 MEMBERS IS GOAL  
Emil Walthers, Commander-in-Chief, Looks for Success in Big Drive.

Heights never before attempted are set as the goal for the aero membership race of the Y. M. C. A., which opens Monday evening. Effective organization is expected to be the secret of its success. A corps of command-

ers, lieutenants, pilots and airship crews to the number of 150 will "give" over Appleton in an effort to secure not less than 1,500 members.

The commander in chief of the aerodrome is Emil A. Walthers, chairman of the standing membership committee of the association. He has trained for this important duty for several years as division chairman, and

was picked as the best possible man to put the immense drive over. He has worked out an organization that he believes will lead the right kind of co-operation and energy to reach every available man and boy in Appleton.

The opening event of the campaign will be a dinner for the 150 men at 6:30 o'clock Monday evening. Each team member will be asked to sign up himself as a member. The division commanders will give short talks, encouraging the workers and offering suggestions as to the best procedure.

A series of noon lunches are to follow on Tuesday, Wednesday and Thursday at which the results will be tabulated and the workers prepared for a fresh start. The Rotary club will meet jointly with the aviators Tuesday noon. The windup will probably be a dinner Thursday evening. Active solicitation will start Tuesday morning. All activities at the association building are to be suspended while the race is on.

The trophies to be awarded the high men are on display at the Schaefer Hardware store and the parachutes that will carry free memberships to the street from the aeroplanes are shown at the Thiede clothing store. An all colored map of the United States prepared by Harry Schmitz will show the progress of the race. It will be placed in the hallway of the building, and a red movable airship will be

ant. George Stuckney, secretary, Frank Williams.

## TOMAH WOMAN TAKES RED CROSS POSITION

Tomah—Miss Margaret Warren left this week for St. Croix county, where she enters the service of the American Red Cross as executive secretary. Miss Warren will carry out the peace-time program of the society, including the establishment of health centers, rest rooms and measures of health education, in short, filling the need of a community. Special education for this work was taken at the University of Wisconsin. Her headquarters will be at Hudson.

cial assistance in case of death or disability. Arrangements have been made for the handling of claims and payments of indemnities for sickness and accidents through the Neckerman agency, representing the Continental Casualty Co. The life insurance feature has been placed by the same agency with the Equitable Life Assurance Co. It is estimated that approximately 400 employees will come under the benefits of this plan.

## CHARLATANS ATTACKED AT STATE HEALTH MEET

Madison—When people learn that the ways of the charlatan lead to the grave, and that only skilled treatment can hope to find out and cure tuberculosis, there will be a beginning of the end of the great white plague," said Dr. T. L. Harrington of Milwaukee, discussing the free chest clinics conducted by the Wisconsin Anti-Tuberculosis association before the Wisconsin health officers here on Tuesday. Results of clinics in three cities were commended by Dr. G. Windheim of Kenosha, and Dr. Bertha Thompson, Oshkosh, health officers.

"The single agency capable of yielding the greatest amount of publicity for health measures and needs is the newspaper," said L. W. Bridgman of the state board of health staff, speaking on health publicity. "The average newspaper," he asserted, "is a social service medium of the first rank."

Health workers were told to utilize newspapers freely within legitimate bounds to achieve maximum results.

## Chronic Sufferers

I want to talk to you. The fact that you have been treated elsewhere without benefit does not discourage me in the least; I am helping men and women every day effecting cures, many times in cases pronounced incurable by others, so that I feel sure I can do as much for you. My counsel will cost you nothing but my charges for treatment will be reasonable and not more than you will be willing to pay for the benefits conferred.

## NEW LONDON ORGANIZES BRANCH OF THE W. C. T. U.

New London—The Girls' Club rooms presented a beautiful appearance when about 75 members of the club and guests enjoyed a dancing party. The rooms were decorated with cut flowers and autumn leaves, the color scheme being gold and white. Henry Fischer and Valda Knoke furnished excellent music for the dance. The intervals between the dances were given over to music, vocal and instrumental, by Misses Dorothy Bentz, Bernice Swift, Josephine Dengel and Lorena Fisher. There were reading and impersonations by Misses Lorena Freiburger and Dorothy Bentz. Elaborate refreshments were served late in the evening.

Mrs. William Pasch was hostess to about sixty ladies at her home Wednesday afternoon. The occasion was the monthly birthday party of the Woman's Relief Corps. Miss Tanner, Neenah, gave an interesting address on the W. C. T. U. organization's activities and possibilities and as a result secured ten new members among the ladies present. Mrs. Pasch served luncheon and was assisted by Mrs. Pace, Mrs. W. Wells, Mrs. C. White, Mrs. R. Gaffney, and Mrs. A. Starnes.

Arrangements have been made for the postoffice for fifty new lock boxes. Already most of the new boxes have been rented and the demand may call for another addition. A crew of carpenters was busy all day Sunday changing the partition to provide the necessary room.

A branch of the Woman's Christian Temperance Union was organized in New London this week with the following charter officers: Mrs. C. Stadel, McMillan, President; Mrs. W. Lyon, Secretary; Mrs. Leslie Freeman, corresponding secretary; Mrs. J. W. Monsted, treasurer. The vice presidents will be chosen later. Miss Stella Tanner, a state worker of the W. C. T. U., spent two days here giving talks and as a result a union of twenty ladies was organized. They meet the second Wednesday in October and will plan definite work for the winter months.

The New London Boy Scouts won first prize at the Horionville Fair, with the largest attendance on the grounds. They numbered twenty-seven. In the bugling contest Harry Allen won third place. New London's neighboring town Manawa took several prizes.

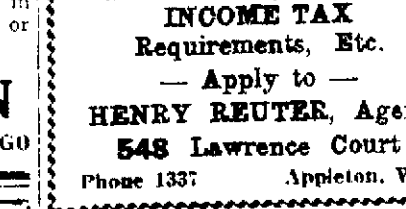

Heleen Strengle who has been seriously ill the past week is recovering. Bruce Walsh of Manawa was a caller here Saturday.

Jack Servatius, who is attending the state university, was home over Sunday.

The problems of peace, as did the problems of war, involve heavy expenditures by the Telephone Company  
There is much reconstruction and even more advance construction work to do before the former position of Readiness to Serve is regained.  
Little or no construction work for two years, a vast increase in demand for service and a vast increase in the population to be served, presents a stunning problem to the telephone management.  
A dollar will not buy as much service or as much material as heretofore, which further complicates the problem.  
In the circumstances the Telephone Company must adopt the policy so uniform among merchants in every line of business and sell its service at higher prices.  
The higher rates are a protection to a service that is in the interest and for the convenience of every subscriber.

## OF INTEREST TO WOMEN

This is a Short Letter, but it Brings a Message of Importance to every Woman.

Woodford, Vt.—"I took Lydia E. Pinkham's Vegetable Compound and Liver Pills before my child was born and it did wonderful work for me. My baby weighed 8½ pounds when born and I did not suffer many pains. You can publish this letter if you wish for I would not be without your medicine before childbirth."—Mrs. JOHN LUMBIN, Woodford, Vt.

The reason why Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and as it contains no narcotics or harmful drugs it is a safe medicine for women.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read, and answered by women only.

**THE BOOK OF DEBORAH**  
**Bob Refuses to Fall for Katherine Miller's Petty Trick**

Having hurt myself as much as I could with the reflection that Bob and Katherine might share a disposition to harmonize, and having decided that a soft voice in a woman is often excellent nothing, I picked up my blue blossoms and started for the kitchen door. I stopped on the threshold intending to be fair to Katherine, if not generous. I planned to say:

"Katherine, your laugh is wonderful!"

But I was never to pay my rival that pretty tribute. I caught a glimpse of my husband in the middle of the room. I saw the slender silhouette of Katherine against the wall by the table, and I was about to speak when Miss Miller pressed a push button and switched off the lights!

Involuntarily, I shut my lips tight and kept back the friendly compliment. Steps crossed my line of vision, but no other sound came from the darkened kitchen.

What ought a wife to do under the conditions? Run away?

In the name of honor, I couldn't stand in the doorway very long. I must make my presence known. My heart almost stopped beating as I imagined the insinuating nearness to Bob which Katherine Miller had in her mind to achieve when she turned off the electricity. At best, such a bit of spooning would last only half a minute, and the girl had risked a good deal to get it.

It was just one more revelation of what Miss Miller was like. I felt that I could trust my husband so far as his own conduct went, but I wanted

more than that. I wanted Bob to see the true nature of the tiger lady. I wanted him to avoid her. And I wanted him to be fair to me.

If I ever let go of my revenge, if I ever play the coquette to attract him, Bob is always out of temper. He says I am acting, but I am not. I am only very feminine. And as I remembered how he enjoyed the lighter moods in Katherine's extremely light nature, I felt indignant. Why should Bob forever hold me responsible for sweet dignity and common sense while he indulged Katherine in every silliness?

The episode in the kitchen was only another detail of the drama which had gone on between them, plotted perhaps by the woman and undetected by the man, over which I had come to live in the Lorraine family.

And Bob didn't see through her scheming! Perhaps he didn't care to! Touching the small click in the wall by the outside door, I flashed on the light.

Katherine had moved to the middle of the room where Bob had been standing.

Bob had disappeared! Bob had fled! He hadn't fallen for the cheap trick! Indeed, it was only such a trick as a child would think of carrying out.

Her cuteness had failed and I could afford to smile rather complacently, I am afraid, as she started toward me with:

"Such a huge heard of push buttons! I was feeling for the portiere-cord here! Of course, I touched the wrong one!"

I might have made a scene—some women would have done so, but it wasn't quite worth while since Bob so bravely had fled from the charmer!

## Sister Mary's Kitchen

(Copyright, 1920, N. E. A.)  
When making coffee for a crowd and a big coffee pot is not available there are several ways of managing a successful result.

A large stewpan with a tight-fitting cover makes a perfectly good container. A suit of food that has been carefully washed and boiled so that the printing is all removed from the cloth makes a good coffee bag.

The bag should be twice as large as is necessary to merely hold the coffee. Coffee expands a little when put into water and should not be packed in the bag.

If more than a pound of coffee is needed put it into several bags. The strength will be extracted more easily and quickly from the coffee grounds.

## URGE HOME AGENTS IN EVERY COUNTY

Club Women Instructed to Work for Employment of Home Demonstrators.

A resolution that all club women should work in their counties for employment of home demonstration agents, was adopted at the meeting of the Wisconsin Federation of Women's Club at Superior, Sept. 28 to 30, according to Mrs. D. O. Kinsman, president of the Woman's Club. She said that the president of the Federation stressed the fact that Wisconsin is a rural state, and therefore it is necessary to consider the problems of the rural community. During the war and since, all social agencies have decided that the county should be the unit of work. The Wisconsin Federation upheld the action of the general federation in urging the club women to secure home demonstrators for every county. The county nurse alone can not do the work, Mrs. Richards said.

The entire convention stressed the department of civic work. Health, school and home problems were discussed. Experts from the University Extension Department, Wisconsin Library Association, and the State Conference of Social Charities were present to show how their organizations could aid clubs in their work, and on the other hand, how the work of the clubs could further the aims of the organization.

Mrs. Nellie Kedzie Jones of the home economic department of the University of Wisconsin, explained fully the great value of the work that has been done and can be accomplished by the home demonstration agents. "There are 77 of these agents in Mississippi while Wisconsin only has four," said Mrs. Jones.

"The work of these agents," continued Mrs. Jones, "is not only, as the name implies, to help in home problems, but to organize rural communities in social and recreational activities. They do much toward making farm life attractive."

Women's clubs of other states are also adopting similar resolutions to work for home demonstration agents for every county. Mrs. Kinsman said. The \$10,000 endowment fund of the Wisconsin Federation of Clubs was completed at the convention. The treasurer reported about \$8,000 sub-

## KIMBERLY LADIES WANT NIGHT SEWING CLASSES

The ladies of Kimberly are eager to take advantage of the opportunities offered by the vocational school and have requested the school to send one of its sewing teachers to that village one evening each week where she is assured a large class. On account of prevailing high prices many of the ladies of that village have expressed a desire to learn how to make their own clothes. The board has the matter under consideration.

## APPLETON GIRL IS HONORED IN CHICAGO

Miss Esther J. Sorrenson of Appleton, now a student at the Moody Bible Institute of Chicago, has been appointed by the Institute as a boys' and girls' club worker. She is also a member of a group of students who conduct evangelistic meetings each week in one of Chicago's police stations. Before going to the Institute, Miss Sorrenson was active in the Sunday school of Memorial Presbyterian church.

scribed and the remainder was immediately raised at the meeting.

Two of the speakers referred to in this being a remarkable year in club life because of the centenary and the passing of the 19th amendment, giving women the franchise, said Mrs. Kinsman. The purpose of the club is "the education in civic righteousness as God gives us to see the right," according to Mrs. Richards, retiring president. "There is a new consciousness of womanhood, because of which we have learned to join our forces, obtaining the full results."

The federation went on record as favoring the education of children in thrift. Miss Pollock, of the 9th district federal reserve bank, stated that a bill should be passed requiring thrift instruction in every school. Every child should be taught to keep accounts, said Miss Pollock.

## CHEESEMAKERS TO COMPETE FOR PRIZE

Outagamie County Men Will Enter Exhibits in State Cheese Show.

About 47 counties, including Outagamie county, in Wisconsin will compete for the honor of sending the largest number of exhibits to the coming Cheesemakers' convention in Milwaukee. The county cheesemakers are curing their cheese and expect to take off at least one, and maybe two prizes.

"Wisconsin cheesemakers should select their finest cheese now and put it away to cure," says J. L. Sammis, of the college of agriculture, who is also secretary of the Wisconsin Cheesemakers' association. "Because the prizes offered this year will be especially attractive."

Over \$500 worth of prizes have been listed already and the list of cash premiums is larger than ever before. A full set of prizes will be offered for drum Swiss, block Swiss, Limburger, brick cheese, and American cheese.

Mr. Sammis also urges Wisconsin producers to get exhibits ready for the National Dairy Show, to be held in Chicago, Oct. 7-16. Gold, silver and bronze medals are offered for cheese, and butter exhibits from any state.

Professor Sammis will deliver a lecture on the care of dairy products and the marketing and clean handling of milk at the Harvest Festival to be held at the village of Oneida, Oct. 5 and 6. Mr. Sammis will speak Oct. 6.

Miss Irene McCourt of Oshkosh is a guest of her sister at Russell Sage.

## RESTORE MILK LUNCHES IN THIRD WARD SCHOOL

At a meeting of the Parent-Teachers' association of the Third ward school Thursday evening it was decided to resume serving milk lunches to the pupils at once. The matter of organizing evening classes along the line planned by the vocational school was also favorably acted upon. A committee consisting of Mrs. Norman Oviatt, chairman; Mr. and Mrs. O. F. Weisgerber, Mr. and Mrs. John A. Lonsdorf, and the Misses Cody and Flynn was appointed to make the necessary arrangements for an elaborate Halloween party which the association will give the last of the month. The committee will hold its first meeting early next week.

# PIONEER RETURNS TO VISIT HAUNTS

## Henry Billings Hardly Recognizes City After 25 Years' Absence.

Henry Billings of the former firm of Billings & Morrison, which operated a hub factory between Appleton Machine shops and Lake street bridge thirty years ago, called on several old friends Friday, among them were W. O. Clark, F. J. Harwood and John Tracy. Mr. Harwood and Mr. Tracy are the only ones left of the pioneer manufacturers who were engaged in business at the time that Mr. Billings left for California thirty five years ago. The Petbone drygoods company and the Rossmore shoe company were among the only College avenue firms he recognized.

After operating the hub factory for several years Mr. Billings and Mr. Morrison erected the old straw board mill at the south end of Lake street bridge which later they sold to A. W. Patton, who converted it into a pulp mill. After disposing of his business interests Mr. Billings moved to a suburb of Los Angeles, where he is making his home. It is his first visit to Wisconsin since he left here. He was on his way to Whitewater to visit relatives. He also intends to call on Richard Rottlieb, a brother-in-law, who since his removal from Appleton twenty five years ago has made his home at Milton, Wis.

Mr. Billings arrived in Appleton shortly before noon and remained here four hours. During that time he made a brief tour of the city and found so many changes that he felt like a stranger in a strange land. Practically all of his old friends were either dead or had moved away.

# SERVES 22 MONTHS AS NURSE IN U. S. ARMY

Miss Mildred Hehne has returned to her home in Appleton after serving for 22 months in the regular United States army as a nurse. She came here from the Fitzsimmons general hospital, Denver, Colo., where a large number of tubercular patients are stationed.

Miss Hehne also served in hospitals at Camp Grant, Chicago and Whipple Barracks, Ariz. She took care of the first Chicago wounded men to be brought home from France. She is the daughter of Mr. and Mrs. Charles F. Hehne, 557 Washington street, and is spending her time here under accrued leave. Her formal discharge from the service is expected to take effect November 6.

# The People's Forum

## The Case of Ireland

Editor of Appleton Post-Crescent—In your editorial article of Sept. 23rd entitled "America and Ireland" you express approval of Senator Harding's distinction between the sympathy of the American people for Ireland's aspirations for independence, and the right or duty of the American Government to take official notice of Ireland's struggle for her freedom. Most of us can remember when this distinction was also made in regard to Cuba, and yet the time came when our sympathy was merged in official action. But leaving Cuba aside, are you not aware that the United States of America has a history in regard to its notice taken of new governments founded on justice? And that it has been, uniformly, the policy of the government to support all such claims to freedom when based upon the clearly expressed desire of a people to be free?

Ireland has declared its desire for freedom three times during the last four years by majorities ranging up to eighty per cent—far greater majorities than Washington ever had. Ireland has made English Government unfeasible. Ireland has at this time her own government which, firmly based upon the expressed consent of the people, functions in all departments. These are the conditions which historically have been regarded in the past as worthy of the official notice of America as a government.

In the case of our American Colonies, themselves the objections now urged against the effort of the Irish people in their unequal struggle for freedom were urged against the American effort, and yet France found it proper to officially recognize the United States.

In the case of the Spanish Colonies of South America as early as 1818, although not in any quarrel with Spain, the United States recognized the new governments. The only assurance demanded in the case of Buenos Ayres for example, was the one demand of America by France, namely, that the Colony was definitely determined to assert its independence and maintain it. This with the evidence that the further government by the sovereign powers was made favorable by the action of the people in the colony, and the substitution of a government demonstrably supported by the overwhelmingly popular will was what guided the United States in recognizing many new republics, including Texas.

Just at the moment when England has completed her preparations to strike down this new Irish Republic, as she once with equal deliberation struck down the Boer Republic it is asserted that it is nobody's business but her own. We can still hear ringing in our own ears the declarations of President Wilson on the strength of which our Country entered the war against the Central Powers, all of them approving the right to liberty and the equal right of all small nations to choose their own form of government.

We subscribed to those declarations not only in words but with a wealth of blood and treasure; and five thousand millions of that money were lent to England to safeguard her liberty. England is today withholding the interest on this loan, which is therefore paid out of American taxes that she may have ready means with which to strike down the Irish Republic, to pay the "Black and Tan" who are killing and burning in the hope that so they may terrorize and drive back unto subjection a brave

# COMMUNITY SPIRIT MAKES FOR SUCCESS

## Individual Success Is Enhanced by Working for Welfare of All.

(By Hugh G. Corbett)

A person has community spirit when he realizes how his own success and welfare and enjoyment depend upon the prosperity and well being of his whole community, and he must be

and valorous people whose only sin is that they are putting into practice the very principles for which we entered the war. We stand by and watch the unequal struggle, but we let them take all the risk. We are obviously a little ashamed and so we plead, as we witness the murder of a weak and struggling nation being perpetrated before our eyes, "I am not my brother's keeper."

I trust you do not seek to have your readers take too serious the statement that you favor independence for Ireland, "if she can attain it." Would you have France take that position with the United States in 1775? Would you have kept Benjamin Franklin at home? If the American Colonies could not be left to attain their freedom unaided why is it indispensable that Ireland must obtain hers unaided? Let us maintain our time-honored policies and hearken to the plaintive appeal of this outraged and persecuted people.

Appleton, Wis., September 30, 1920.  
F. J. Rooney.

willing to take hold with his neighbors in joint efforts for the benefit of the whole community.

People used to devote nearly their entire attention to working for their own success. By a constant hustle, they might be able to get ahead of less energetic neighbors, and get a little more than their share of the general prosperity.

But when a man rises to the point of community spirit, he sees that if he merely tries to outstrip his competitors he is never going to get very far. They are going to be stirred up to outstrip him, and business will be a "dog eat dog" kind of life.

When a group of men get community spirit, and begin to work not merely to get all the business away from each other, but to get more business for the whole group and the whole town, then the good returns begin to flow in. They gain benefits they could never have attained by working individually, amply compensating them for all the time put into community enterprises.

Community spirit frequently begins by a general agreement to work cooperatively for business enterprise, but if it is the real thing it never ends there. It works for all good town causes, and is never satisfied until the town is equipped with all the facilities which a place of the size can expect.

# NOTICE of Referendum Election to be held November 2, 1920

## NOTICE OF REFERENDUM ELECTION on the PROHIBITION ENFORCEMENT ACT ("Mulberger Bill")

State of Wisconsin  
Department of State,  
City of Madison.

I, MERLIN HULL, Secretary of State of the State of Wisconsin, do hereby certify that the following law is to be submitted to a vote of the people at a General Election to be held in the several cities, towns, villages and election precincts of the State of Wisconsin on the first Tuesday of November, 1920, being the second day of said month.

[No. 146, S.]

CHAPTER 556, LAWS OF 1919

AN ACT to suspend the operation of chapter 66 of the statutes of 1917 entitled "Excise and the sale of intoxicating liquors" and to create sections 1569-1 to 1569-22, inclusive, of the statutes, relating to intoxicating liquors, to provide for the enforcement of Article 18 of the Constitution of the United States, providing penalties, making an appropriation and defining intoxicating liquor.

The people of the State of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. Chapter 66 of the statutes of Wisconsin for 1917 entitled "Excise and the sale of intoxicating liquors" is hereby suspended and declared to be inoperative so long as this act shall be in force and effect.

SECTION 2. Twenty-two new sections are added to the statutes to read:

Section 1569-1. After this act becomes operative, the manufacture, sale or transportation of intoxicating liquors, as herein defined, within the importation thereof into, or the exportation thereof from the state of Wisconsin, except as may be herein or hereafter provided, is hereby prohibited.

Section 1569-2. This act shall be deemed to be an exercise of the power reserved by and granted to this state by Article 18 of the constitution of the United States.

Section 1569-3. Intoxicating liquor, within the purview of said constitutional amendment and the provisions of this act shall be construed to be and include all liquors and drinks of whatever name or description, including patent or proprietary medicines, capable of being used as a beverage containing more than two and one-half per centum of alcohol by weight at sixty degrees Fahrenheit. But if the Congress of the United States shall hereafter by a valid act which shall become the law of the land and be paramount to any state laws on the subject, define the words "intoxicating liquors" as used in article 18 of the constitution of the United States, then such definition, from the time such act of congress becomes operative, shall be the definition thereof under this subdivision.

Section 1569-4. Pure grain alcohol, wines and other liquors, containing more than two and one-half per centum of alcohol by weight, may be manufactured in or imported into or exported from this state for medicinal, mechanical, scientific and sacramental purposes and for other purposes only and may be so sold as herein provided and no otherwise. Denatured alcohol may be freely manufactured and sold, provided its manufacture complies strictly with the laws now or hereafter enacted by congress relative thereto and the rules and regulations issued by the department of internal revenue.

Section 1569-5. There is hereby created the office of "Prohibition Commissioner." On or before the sixteenth day of January, 1920, the governor shall, by and with the advice and consent of the senate, appoint a suitable person as such prohibition commissioner. Such prohibition commissioner shall have his office in the capitol, at Madison, to be provided at public expense, and such officer shall hold his office for the term of four years from the date of his appointment and until his successor shall be appointed. Any vacancy occurring in said office shall likewise be filled by executive appointment. The prohibition commissioner shall receive a salary of four thousand dollars per year and his actual and necessary expenses incurred in the discharge of his duties. He shall take and subscribe the constitutional oath of office and file a bond, for the faithful discharge of his official duties, in the sum of twenty-five thousand dollars, which shall be approved by the governor. Such prohibition commissioner may appoint necessary deputies, to be known and designated as "Deputy Prohibition Commissioners," and may employ all necessary clerks and fix the compensation and remuneration of all such deputies and clerks so appointed and file all such appointments, together with a statement showing the compensation or salary so fixed, prior to the employ or appointment entering upon his duties or employment, with the secretary of state, and such appointee or employee shall receive the compensation so fixed, to be added, allowed and paid on the certificate of the prohibition commissioner in the same manner, as salaries and compensations are now allowed and paid to state officials and employees. The prohibition commissioner shall have and possess a suitable official seal, and all permits issued by him under the provisions of this act shall have affixed thereto a clear impression of said official seal. Other documents may be authenticated by a printed copy of the impression of said seal. Said deputies may perform all or any of the duties herein provided to be performed by the prohibition commissioner. All such deputies shall file such bond as the prohibition commissioner shall require, to be approved by the prohibition commissioner. It shall be the duty of the prohibition commissioner to exercise and perform all the duties and acts required of him by this act. For failure to perform such duties he shall be subject to removal by the governor, for cause upon due notice and an opportunity to defend.

Section 1569-6. It shall be the duty of all district attorneys, sheriffs, deputy sheriffs, constables and other executive law enforcement officers to aid and assist said prohibition commissioner or his deputies in the enforcement of the provisions of this act.

Section 1569-7. It shall be the duty of the prohibition commissioner to designate and issue a permit (which permit may be revoked or annulled) to one or more persons in each municipality in this state who shall be authorized to have in possession and sell under such general rules and regulations as he may prescribe, alcohol, vinous, spirituous or malt liquors containing in excess of two and one-half per centum of alcohol by weight to be used exclusively for medicinal, mechanical, scientific and sacramental purposes. The person so designated shall execute a bond in the penal sum of one thousand dollars for the faithful compliance with the rules and regulations so prescribed by the prohibition commissioner, with reference to the possession and sale of any such liquors. In the event of failure to comply strictly therewith the amount of said bond shall be forfeited to the state of Wisconsin and in addition the persons so offending shall be liable to all other penalties herein prescribed.

Section 1569-8. No person who shall keep or have in possession for retail sale non-intoxicating beverages as defined in section 1569-3 hereof shall at any time have in his possession or under his control in the building

in which he conducts his business for selling or dispensing any such beverages any intoxicating liquor as defined in said section. The prohibition commissioner or his deputies shall have the right of access at all reasonable hours, without notice, to the premises, occupied by any such retail dealer in non-intoxicating beverages, to investigate if this provision is being violated.

Section 1569-9. No place in which non-intoxicating drinks or beverages, as defined in section 1569-3 hereof, are sold or dispensed for consumption upon the premises where sold, shall maintain a standing bar or counter at which any such drinks or beverages containing alcohol in any degree are permitted to be drunk or consumed by the purchaser.

Section 1569-10. The common council of cities, the village board of villages and the town board of towns for the purpose of regulating and enforcing as defined in section 1569-3 hereof, any ordinance or laws, may pass ordinances fixing the terms and conditions under which such places may be conducted and operated and may limit the number of such places, and the locations at which such business or any part thereof may be conducted, and may require that any person who wishes to operate any such business shall first procure a permit (which permit may be revoked for failure to comply with the conditions of this act or any ordinance relating to said business). A fee of not more than one hundred dollars per annum may be exacted before the granting of such permit and shall be payable in such amounts and at such times as may be fixed by ordinance. The commodities to be sold under such permit may be separated into classes, and a separate fee may be exacted for each class not exceeding in all the maximum provided.

It shall be the duty of the treasurer of each town, village or city in this state wherein a fee is collected for a permit as herein provided, to remit to the state treasurer within sixty days after such fee is collected five per cent of the total amount collected, and such moneys when so received by the state treasurer shall be set aside and constitute a separate fund for the payment of salaries and other expenses of the prohibition commissioner, and in carrying on the work connected with the enforcement of this act.

Section 1569-11. Whenever a number of the qualified electors of any town, village or city equal to or more than ten per centum of the number of votes cast therein for governor at the last general election shall present to the clerk thereof a petition in writing signed by them praying that the electors thereof may be authorized to hold a special election, whether or not any permit shall be issued under the provisions of this act to sell any non-intoxicating beverages as defined in section 2 hereof, containing alcohol in any degree whatsoever as a beverage and shall file such petition with the clerk at least two weeks prior to the first Tuesday of April next succeeding such election, the clerk shall submit the petition to the board of canvassers on the date of such order. The city clerk making such order shall give notice of the election to be held on such question in the manner notice is given for the regular city election; town and village clerks who make such orders shall give notice by posting written or printed notices in at least five public places in the town or village not less than two weeks before the day of election. The election on such question shall be held and conducted and the returns canvassed and the election held in the same manner as city, town or village on other questions are conducted and the returns thereof canvassed. The result shall be certified by the canvassers immediately upon the determination thereof and be entered upon the records of the town, village or city, and shall remain in effect until another election is held for the same purpose.

The ballots upon any question so submitted shall be deposited in a separate box in each town and election district and shall contain the words "For permit" and "Against permit" and shall otherwise conform with the provisions of subsection 8 of section 6.23. If a majority of the ballots cast upon such question be "Against permit," then it shall be unlawful for any person to sell or traffic in any of the beverages defined in section 1569-3 of this act as non-intoxicating which contain any alcohol whatsoever in the town, village or city so voting "Against permit" and any person who shall violate this provision shall be deemed to be guilty of a misdemeanor and shall be liable to a fine of not less than \$100 nor more than \$500, and the permit granted or issued therein so long as the result of such election shall remain unrevoked by another election held for the same purpose shall be void, but if a majority of the ballots so cast shall be "For permit," it shall be lawful for the town board, village trustees or common council, as the case may be, to grant permit for the sale of such beverages.

The provisions of this act shall not authorize the sale of beverages containing alcohol in any town, village or city in this state where such sale is now illegal and where such sale has not been legalized by the provisions hereof permitting such sale under the conditions in this act prescribed.

Section 1569-12. Manufacturers and chemists who use alcohol for industrial and scientific purposes or in the manufacture of products not suitable for use as an intoxicating beverage, superintendents of hospitals, museums, laboratories, educational institutions, dentists, physicians and persons for lawful purposes, may procure a permit from the prohibition commissioner, authorizing the purchase and possession of alcohol and liquors for the purposes permitted by this act, upon making due application therefor in accordance with such rules and requirements as the prohibition commissioner may promulgate, and upon filing a bond in such sum, not to exceed two thousand dollars, as in the discretion of the prohibition commissioner shall be required, conditioned that said alcohol and other liquors will be used only for the purposes for which the application and permit and in accordance with law. Such permit may be revoked by the prohibition commissioner if the conditions thereof are not complied with, after notice is given to the holder of such permit to appear before said prohibition commissioner and show cause why such permit should not be revoked.

Section 1569-13. This act shall not be construed to authorize the confiscation or seizure or make unlawful the possession of liquors defined in section 1569-3 hereof as intoxicating liquors, owned by individuals and possessed and kept for the individual use of the owners thereof at the time this act becomes operative; provided such liquors were lawfully purchased prior for private purposes and not for purposes of unlawful sale, but all such liquors kept by retail dealers in non-intoxicating beverages as defined in said section and on hand in the building where such business is conducted at the time this act becomes operative, or at any time subsequent thereto, shall be deemed contraband and subject to seizure by the prohibition commissioner.

Section 1569-14. In addition to the powers and duties conferred upon the prohibition commissioner by this act, he is authorized and empowered to make other and further reasonable rules and regulations relative to the possession and sale of intoxicating liquors or drinks as a beverage as herein defined, and to issue such regulations, and to enforce the same, for the enforcement of the provisions of this act, and all such rules and regulations, including those herein specifically enumerated, shall have the force and effect of law.

Section 1569-15. All alcohol and intoxicating liquor as defined in section 1569-3 hereof shipped or carried into this state for any lawful purpose outside the territory of the state, shall be plainly labeled on the outside describing the nature and character of the liquor, the name of the consignee and consignor in plain letters in the English language. All such liquors not so labeled shall be forfeited to the state and be subject to confiscation by the prohibition commissioner and by him delivered to public state institutions for medicinal, mechanical or scientific use.

Section 1569-16. Penalties occupied by the owner or by a tenant who has been notified by the owner or by a tenant of the provisions of this act are declared a nuisance and may be abated in an action brought in the name of the state on complaint of any citizen. No such action shall be maintained with respect to premises occupied by a tenant of the owner until notice of such violation of law is first given the owner and he has an opportunity to evict such tenant. Proceedings for such eviction must be instituted within ten days after notice and promptly prosecuted to judgment or any further action shall be deemed to be a waiver of the state and prosecute the same. Upon final judgment that such nuisance exists, that part of the premises so used in violation of law shall be abated and an injunction issued permanently restraining their use for any purpose contrary to law and the owner may be required to give bond in such amount as the court may deem adequate that said premises be kept thereafter in conformity with the laws of the state and regulations used for the sale of intoxicating liquors.

Section 1569-17. No person shall advertise, sell, deliver or have in possession any preparation, compound or tablet manufactured for the purpose of adding the same to or mixing the same with a non-intoxicating beverage or drink from which intoxicating liquors as defined in section 1569-3 hereof can be made, unless he has a permit from the prohibition commissioner authorizing the manufacture, sale or advertisement.

Section 1569-18. The provisions of this act shall not be construed to prevent:

- (1) The manufacture, sale and keeping and storing for sale by any person having a permit of any medical preparation manufactured in accordance with formulae prescribed by the United States Pharmacopoeia or national formulary or any patent or proprietary remedy in conformity with the laws of this state, unless such medical preparations are suitable for beverage purposes.
  - (2) The manufacture and sale of toilet, medical and antiseptic preparations or solutions neither designed nor sold for use as beverages.
  - (3) The manufacture, keeping for sale or selling of flavoring extracts manufactured or sold for culinary or flavoring purposes only.
  - (4) Any person who manufactures, keeps for sale, or sells, or transports or stores alcohol necessary for the manufacture of such articles.
- Section 1569-19. Any person who shall vend, sell, deal or traffic in, or for the purpose of evading any law of this state, give away intoxicating liquor as herein defined, except as herein provided, or violate any other provision hereof or any lawful order made under the provisions of this act shall be guilty of a misdemeanor and upon conviction shall be fined not less than one hundred dollars or more than five hundred dollars or by imprisonment not exceeding six months or by both such fine and imprisonment in the discretion of the court. And in the event of a second conviction for such offense such person shall be punished by a penalty equal to double the maximum penalty prescribed for a first offense.

Section 1569-20. There is hereby appropriated a sufficient sum to provide for the payment of salaries and compensation of said prohibition commissioner, his deputies, and employees and to carry this act into effect, not exceeding fifteen thousand dollars in all in any one year.

Section 1569-21. If at any time after the passage of this act the amendment to the constitution of the United States which shall be declared to be of no effect, then and in such case and from the date of such amendment is declared to be of no effect and of no effect this act shall be null and void and the provisions of chapter 66 herein referred to in section 1 hereof shall again become operative and of full force and effect.

SECTION 3. This act shall be in force on passage and publication on and after January 16, 1920, and continue in force and effect to and including January 1, 1921.

The prohibition commissioner shall have power to enforce the provisions of this act and all other acts relative to intoxicating liquor, and to institute proceedings for the enforcement of the same, to make complaints and institute prosecutions for a violation of the same, and all such officers and any citizen may on information and belief make complaint before any magistrate or court to the effect that provisions of this act are being violated and that intoxicating liquors are being kept for purposes of unlawful sale at a particular place to be designated, and praying that a warrant may be issued to search the premises where said intoxicating liquors are so being kept and seize the same, and upon filing any such

complaint a warrant may issue commanding the officer to search the premises and seize any and all liquors believed to be intoxicating and bring the same before the court for further proceedings according to law. The procedure shall be substantially the same as the procedure provided for search warrants in larceny cases and such liquors shall be subject to such disposition as the prohibition commissioner may order.

SECTION 4. The question whether the provisions of this act shall continue to be in force and effect after January 1, 1921, shall be submitted to the people of this state in the manner provided by law for the submission of an amendment to the constitution at the election to be held on the first Tuesday after the first Monday, in November, 1920. If approved by a majority of the votes cast upon that question, it shall continue in force and effect from and after January 1, 1921, otherwise it shall cease to be of force and effect and become null and void.

Upon the ballot to be printed: "Shall chapter (insert on the ballot the number of the chapter) of the laws of 1919 entitled (insert the title of the act) be continued of force and effect?"

SECTION 5. This act takes effect as above provided, subject, however, to all provisions contained for its submission to the people for their ratification or rejection.

Approved July 12, 1919.  
Published July 18, 1919.

NOTE: If the foregoing law is ratified by this election, it becomes the law of this state on the subject of intoxicating liquors, except as amended by Chapter 685 of the Laws of 1919, and except as affected by the Amendment to the U. S. Constitution and the Volstead Act of Congress enforcing same. If it is rejected, the effect will be to reinstate the former law on said subject known as Chapter 66 of the Revised Statutes, of 1917, with the same exceptions as above noted.

State of Wisconsin,  
Department of State,  
I, MERLIN HULL, Secretary of State, of the State of Wisconsin, do hereby certify that the above and foregoing is a true copy of Chapter 556 Laws of 1919, and that same has been compared by me with the original enrolled act now on file in this department.

## BADGERS LOOK FOR BATTLE SATURDAY

Wisconsin Gridders Play Homecoming Game With Illinois November 13.

Madison — Wisconsin's first game of the season will be played on Saturday at Camp Randall with the Lawrence college eleven, a team not much feared, but undoubtedly capable of giving Richards' men a stiff battle.

Four of this year's seven games will be played on the home field, but only two of them, those with Northwestern and Illinois, are conference games.

Ignoring the precedent set last year, when the Badgers did battle on the grid field with Marquette university after a long period in which the two schools never met, the schedule makers for the 1920 season have not included the Milwaukee Hilltoppers in the list of games. In 1919, the state university was hard pressed to score a bare win over Marquette after being outplayed by the Blue and Gold throughout the entire game.

The homecoming celebration will be staged on November 13, when the much touted Illinois eleven invades Camp Randall. The first three games, with Lawrence, Northwestern and the Michigan Aggies, instill little fear in the hearts of the Badgers, the first real contest being that with Ohio state at the latter's field.

Following another trip to Minneapolis to meet the traditional foe, Minnesota university, Richards' men will journey to Chicago for the second of the series of five games contracted for last year.

1920 Schedule  
Oct. 2—Lawrence college at Madison.  
Oct. 9—Michigan Aggies at Madison.  
Oct. 16—Northwestern at Madison.  
Oct. 23—Ohio State at Columbus.  
Nov. 6—Minnesota at Minneapolis.  
Nov. 13—Illinois at Madison. (Homecoming.)  
Nov. 20—Chicago at Chicago.

## INDIANS WIN AND LOSE WITH TIGERS

Error Followed by Hit Losses First Game for Pennant Contenders.

Detroit.—Cleveland, fighting for the American league pennant, made certain of at least a tie by dividing a double header with Detroit, while Chicago was losing to St. Louis on Friday.

The visitors lost the first game, 5 to 4, when in the tenth Shortstop Sewell threw Flagstead's grounder into the Cleveland dugout and Pinelli followed with a clean single. The Indians' victory in the second game was a decisive one, the score being 10 to 3. Fifteen Cleveland hits, six of them for extra bases, and four Detroit errors, contributed to the result, the league leaders scoring in every inning but the second.

White Sox Lose  
St. Louis.—The spotless squad of Chicago White Sox was to make a final bid for the American league pennant today in their game here with the Browns.

The purified line-up performed well yesterday but Faber and Hodge were unable to withstand the slaughter of Brownie batsmen and the Sox were defeated, 8 to 6.

Divide Double Bill  
New York.—New York and Brooklyn divided a double header on Friday, the score in each contest being 4 to 3. Douglas of New York pitched fine ball for seven innings of the first game during which the Superbas failed to get a man to first. They tied New York's three run lead in the eighth, assisted by Krueger's home run, and won in the ninth.

## TWO TEAMS LEAVE TO BATTLE BADGERS

McChesney Confident of Giving University Hard Rub in Game Today.

Two complete football teams are at Camp Randall representing Lawrence college in the annual battle with the University of Wisconsin Saturday afternoon. Coach McChesney and 24 men, picked to make up two teams, left early Saturday morning for the scene of the scrap.

McChesney was confident Friday afternoon that the Badgers will have to extend themselves to the utmost to achieve a victory. The Blue and White squad showed up to good advantage this week. There are plenty of men scrambling for every position, making it sure that none of the "regulars" will lag on the job because of confidence that the position is secure.

McChesney announced on Friday that he will start the following team against the Badgers:  
Smith, center; Woelcher and Hunting guards; Brum and McGlynn, tackles; Wheeler and Clanton, ends; Johnson, quarterback; Ford, fullback; Basing and Kubitz, half backs.

The reserve team which made the trip to Madison is made up of Bruton, center; Sorenson and Ketchum, guards; McElree and Hunting, tackles; Doering and Tripp, ends; Reeder, quarterback; Grignon, full back; Olson and Morrison, half backs.

McChesney has several other good men who may eventually earn first team positions. Among them is "Red" Elliot, Lawrence star of a few years ago, who returned to school this week. "Red" is hardly in condition to go in to the game against the Badgers but he will make a determined fight for a back field position before the next big game here.

Ahquist, former high school star, is working hard for an end position. He was somewhat crippled in scrimmage and for that reason was kept at home. If he can keep his arms and legs together he will make a desperate fight for one of the wing positions.

Pond was given the call over Grignon for the game against the Badgers because of his running ability. The lanky Wausau grider is one of the best kickers in the state and can be counted on to keep the ball away from the danger zone. He plays rather an erratic game, however, starting in one contest and going to pieces in another. He is a good line plunger at times.

Grignon, his competitor for the backfield position, is a heavy, hard working young man who has still many things to learn about the game. He is not as good a punter as Pond, neither can he handle the forward pass as well. He is fully as good a line plunger, however.

Basing and Kubitz, McChesney's back field men, are consistent players. Basing is much heavier than a year ago and seems to be faster. Kubitz is one of the best back field men in the state and is sure of his position. Elliot will have to show real speed if he hopes to displace either of those stars.

Senator A. Kuckuk of Shawano, who has just returned from a European trip, was an Appleton visitor Friday.

## INDIAN CATCHER RANKS AMONG BEST

Cleveland Backstop Has It All Over the Best Robins Can Offer.

(By Henry L. Farrell.)  
By United Press Leased Wire  
New York.—Cleveland is a poor place to sell "Schalk stock."

Try to tell any of the Forest City fans that the plucky Chicago catcher is the best backstop in baseball and you'll be as popular as one of the "White Sox eight."

One of the biggest of winter indoor sports is an argument about the relative ability of Schalk and Steve O'Neill, the star Cleveland catcher.

The verdict is largely geographical depending upon the proximity to Cleveland and Chicago.

It is a generally conceded fact, however, that Schalk and O'Neill are the best catchers in baseball. The position behind the plate is of the greatest importance in a world series. In practically all of the baseball classics of recent years, a star catcher has been a big factor in the victory—Hank Gowdy, for instance, in 1914, and others, including Kling, Brannan, Schang, Carrigan and Schalk.

In the catching department, Cleveland has it all over Brooklyn as the National league champions are weaker behind the bat than the ordinary pennant winning team.

Krueger and Miller, who do the bulk of the work for Uncle Robbie are fair receivers but they suffer by comparison with the great O'Neill. The chunky Irish-Indian has had one of the greatest seasons of his career this year. He is batting around .336, while in the past he has never registered better than .295. He is a deadly shot to the bases and a wonder at blocking at the plate and a brainy worker.

Krueger and Miller are only fair hitters—the former .289 and the latter .282.

Neither one can approach the class of O'Neill in throwing or handling pitchers.

In reserve the Indians have Nunnaker and Chet Thomas, two veterans who have been all around the circuit and have seen their best days.

Speaker, however, will not have to worry. Barring some serious accident, O'Neill will work the whole series as he is a husky boy and a bear for work.

"Rowdy" Elliot, a Cub cast-off, picked up this spring by Brooklyn, is only ordinary. He started out fine but was unable to hold the pace.

O'Neill not only is better than anything Brooklyn can offer, but he stands a fine chance to be one of the heroes of the series. At least his work is bound to be a feature of the games.

## BIG TEN SCHOOLS PRY LID OFF GRID SEASON

(Chicago)—Big middle western schools will don their football togs for initial gridiron clashes today.

Though all members of the big ten conference will not be under way for at least another week, several members of the conference will make their 1920 debut today. Interest centers on the game today at Bloomington, Indiana, between Indiana and Iowa.

The Hawkeye aggregation are touted as championship calibre and with the Hoosiers feeling pretty good over their 47 to 0 win over Franklin a week ago, a hot game is expected. Altogether seven conference teams are playing today. Six of these are experiencing their first gridiron struggle of the year. Michigan, Chicago, and Illinois get under way next week.

## KAUKAUNA FOOTBALLERS WANT GAME WITH LOCALS

The Kaukauna American Legion football team, which clashes with the Packers at Green Bay Sunday afternoon, wants to hook a game with an Appleton team for Kaukauna, Sunday, October 10, according to word from E. P. Rennie, manager of the Kaukauna squad.

In a letter to the sporting editor of this paper he said he would like to get in touch with an Appleton team capable of giving his squad a battle on the Kaukauna grounds a week from Sunday.

The Jolly Eleven team, now being organized, may possibly be a match for the Kaukauna veterans.

Beaver Dam Fair.  
Quite a number of Appleton people attended the fair at Beaver Dam this week, the last to be held in this part of the state. All the fairs, including the state fair at Milwaukee, were not interrupted by rain this year and the attendance consequently was the biggest in the history of the associations. The number and quality of exhibits were also above the average.

## End Your Gate Troubles

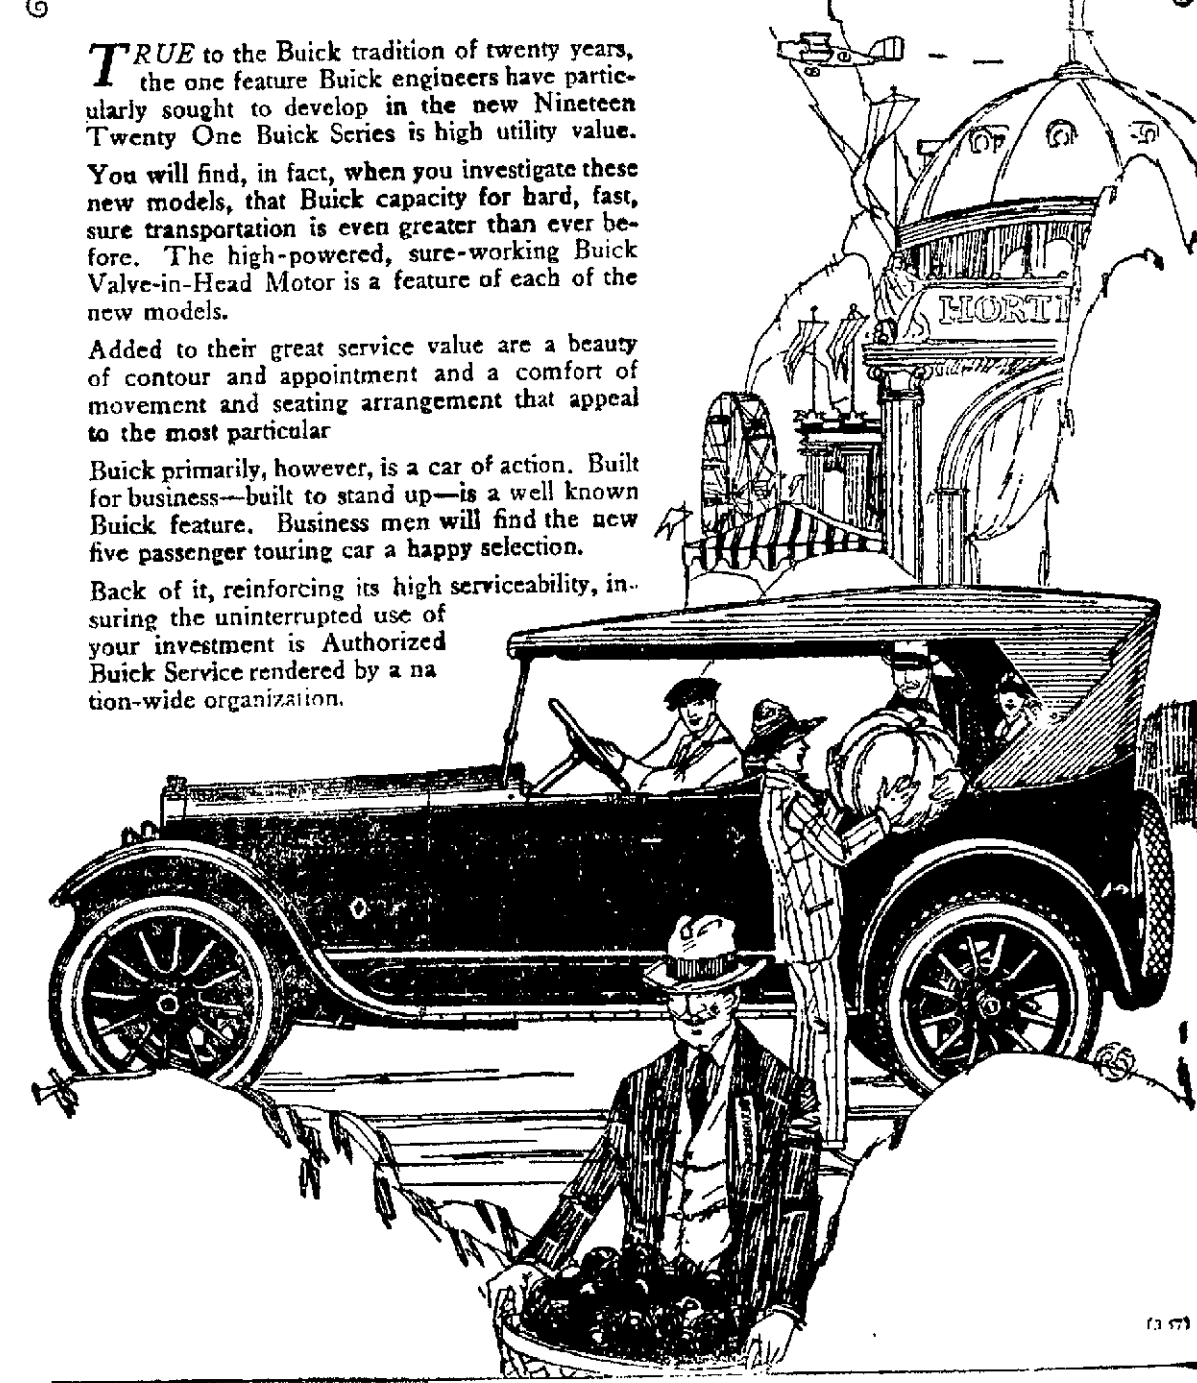

No more heavy, tumble-down, sagging wooden gates. No more bent and twisted gas-pipe gates. Put up "Can't-Sags"—made of an ideal combination of iron and steel bolted securely together—no screws or nails to pull out. When closed and latched, the "Can't Sag" Gate is securely locked at both ends—stock can't break through and destroy growing crops.

"Can't-Sag" Gates  
Can't Sag a Fraction of an Inch

In order to sag even a quarter of an inch, 45 bolts and 8 pieces of angle steel would have to bend. You know that is impossible. Yet, this ideal gate costs less than the old-fashioned kind. Thousands are in use on large and small farms everywhere. Drop in—see these gates when in town.

## AIRSHIP FLIGHT IS SIGNAL TO START

Green Bay Plane Will Fly Over  
City Monday as Y. M. C. A.  
Race Opens.

Two men with enviable flying records will pilot the plane which is to fly over Appleton Monday afternoon as the aero membership race of the Y. M. C. A. opens. The plane comes from Green Bay and will start its exhibition flight about 1:30 o'clock.

Leut. Moore, who will operate the plane, is a member of the Royal Flying Corps and has figured in spectacular flights in the war. He will fly the plane for the Green Bay Aerial Club. Leut. Carl Olson, who will do the "bombing" with literature, was in the aviation service of the army for 18 months and was United States air instructor at Miami, Fla.

Ten free membership certificates are to be dropped from the plane, a few in each ward. They will be attached to miniature parachutes so they will be plainly visible as they descend. The

### GENUINE BUDWEISER

Can now be had  
at all leading Buffets

Under will enjoy the privileges of the Y. M. C. A. for one year without cost. Five thousand cards advertising the campaign will also be dropped. A photographer, accompanying the aviators will take pictures of the city from the air.

The organization of 250 men that will run the race for 1,500 members and compete for the silver loving cups is complete and the list is to be announced by H. B. Frumie, activities secretary, Saturday. Every commander and lieutenant is coaching his pilots so they will have their ship crews in the best of trim when the start is made Monday evening.

Nothing has been planned for next week by the Y. M. C. A. which might retard or interfere with the race. Activities of any kind, including gymnasium classes will be suspended from Monday to Thursday, leaving all the members free to help in the contest. A campaign office has been erected in the lobby, and conspicuous signs and posters about the building and outside announce the coming race.

The goals of the race are worked out in such a way that they will provide the revenue necessary to complete the Y. M. C. A. budget for the coming year. Not less than 500 boys are wanted for the junior Y. M. C. A. and 1,000 men are also desired. The income will be just what is needed to carry the association through another year.

## SOUTH HOLDS TRUE TO OLD TRADITION

Rexall Straw Vote Continues to  
Give Democrats Southern  
Majority.

Senator Harding still maintains a handsome lead over Gov. Cox in the straw vote returns received by the Downer drug store from the Rexall company's national headquarters at Boston. A total of 227,450 votes had been cast to noon of September 27, of which Harding receives 136,565 and Cox 90,885. Harding's leading is 46,580.

The status of the voting is unchanged by the addition of over 1,000 votes to the last report. Harding is still in the minority in the democratic south, where Cox has the advantage of him by 14,555. This is greatly overshadowed by the Harding support in the west and middle west, where the republican nominee has captured a plurality of 60,525 out of the total 172,420 northern votes cast.

The northern vote is 116,664 for Harding and 55,746 for Cox; the southern, 20,181 for Harding and 34,679 for Cox.

The new returns change the electoral vote somewhat. Harding's total is raised from 281 to 344 and Cox's from 150 to 167, making a grand total of 511 electoral votes accounted for. Wisconsin's evident faith in the G. O. is continued unshaken. Harding holds strongly to his two to one lead over the democrat with both men and women voting for him on their basis. The vote stands: Men, Harding, 3,529; Cox, 1,825; women, Harding, 1,536; Cox, 890; totals, Harding, 5,065; Cox, 2,715.

### WAUSAU LOOKS FIT TO BATTLE APPLETON HIGHS

Wausau high school football team, big husky fellows who look like lumberjacks, pulled into Appleton Saturday morning looking fit for the battle on Lawrence field this afternoon when the squad clashes with Appleton high school. Wausau has its eye on the Wisconsin river valley title this year and possibly on the state championship, so is not taking any chances with the Appleton huskies.

Coach Vincent sent his strongest line-up into the fray this afternoon. If his team can weather the early storms in good shape, it will be ready to meet the best in the final games for the state football when the season opens on Oct. 1.

Mr. and Mrs. Paul R. Phillips and son Daniel of Rhinelander, died here Friday.

### DO YOU KNOW

That Wisconsin's production in apples was valued at \$1,890,000 in 1906, and \$5,670,000 in 1917? Wisconsin has areas which could rival highly advertised apple raising sections.

## Begins Monday October Fourth and Continues Through the Week

AUTUMN marks an alertness in the air, an enthusiasm and eagerness for the crisp, golden days to come. The Pettibone Store anticipating the needs of its patrons in advance, has prepared an Autumn Exposition of authentic apparel modes.

### Versatility Marks the Autumn Suit

AND of tremendous importance, of course, is the Suit. So much depends upon its smartness, its correct lines—conservative or extreme, and its atmosphere of essential quality. The youthful box jacket model, the more conservative knee length coat suit, tailored and belted styles, are to be had in the fashionable shades of brown and blue. Fabrics include the twills and the soft-surfaced duvetyn-like materials. Fur appears on panels, pockets, collars and in bandings in many models, while others are designed for wear with separate furs. Priced at \$55.00, \$65.00, \$75.00 upward to \$300.00. (Second Floor)

### Wraps and Coats for the Chill Days

SMART frocks must be covered by equally smart wraps, and indeed one mostly sees wraps with a few distinctly coat models for more conservative tastes. The gracefully draped lines of the wrap give a delightful silhouette and are therefore smart. Deeply caped, embroidered, fur-trimmed and of handsome soft-surfaced fabrics are wraps suitable to accompany the fashionable frocks of autumn. Then, of course, there are specialized wraps and coats for motoring, for afternoon, street, sports or evening. Sport length coats of cloth, fur fabrics and velour de nord at \$35.00, \$45.00, \$55.00 upward to \$110.00.

Full length coats and wraps of mixtures, frostglow, duvet velour, evora, duotone, veldyne, chamoistyn, in Malay and Zanzibar brown, reindeer, beaver, taupe, navy and Cobalt blue, at \$27.00, \$35.00, \$45.00, \$55.00 upward to \$185.00. (Second Floor)

### Of Exceeding Importance a Blouse May Be

WITH a proper collection of blouses you can transform your suit as if by magic into attire suitable for a wealth of needs. To enjoy your suit to the fullest you should have blouses for any and all requirements—for street, for afternoon and for evening.

Blouses in the newest and smartest materials and colors—of soft lustrous satins, satin crepes and taffetas; of Georgette crepe in autumn tints with unique touches of lace and embroideries. Of crepe de chine that are adorned with pleatings, finishes of net or Val. and embroidery. Soft white and bisque washable silks are tucked and pleated in tailored models for the youthful miss or tailored woman.

Variation in necklines, tie back models, surplice overblouses and unusual sash arrangements on the Russian overblouses, add much to the attractiveness of this season's blouse. Regulation blouses are also shown and always correct in their conservative style. Shades to match suits—autumn-leaf brown, Zanzibar brown, Dryad, taupe, copper, navy, Cobalt, gray, beige, Hague, gold, rose, flesh and white, also wonderful color combinations and exquisite metal embroidery.

Overblouses of soft satin and taffeta at \$10.00 to \$37.00. Overblouses of crepe de chine and georgette crepe from \$6.95 to \$35.00.

Tailored blouses of crepe de chine, habutai and pongee at \$7.95 to \$25.00. (Fourth Floor)

### Skirts of Gay Plaids, Checks and Stripes

FEMININE thoughts turn with more pleasure than was once their wont to the separate skirt. It merits consideration. Smart plaids, stripes and checks continue in the way of plaits—knife plaited, however is the autumn edict. One finds variations in the arrangement of plaits—now in groups, now stitched down for figures of larger proportions—but always interesting. Skirts of this kind are again favored for wear with any type of coat. Priced at \$18.50, \$20.00, \$22.00, and \$25.00. (Second Floor)

## THE PETTIBONE-PEABODY CO.

IN addition to being pleased with the smart and exclusive styles, it is good to know that the quality, value, and cost of this new Autumn merchandise compares favorably with the high standards maintained by The Pettibone-Peabody Company Store.

### New Fall Frocks Unusually Clever

THIS season one may be severely tailored or delightfully feminine, and mostly the latter, for it would seem Fashion could not resist the temptation to be lavish with embroidery, iridescent beading, stitchery and all the devices known to the clever designer. Russian, chemise and redingote lines prevail for frocks in general, while in the more elegant afternoon gowns bouffancy still holds sway. Tricotine, serges, duvetyn, velours, satin, velvet and a host of new and lovely fabrics make a delightful task of choosing an Autumn frock. Priced at \$27.00, \$30.00, \$35.00, \$55.00, \$85.00 and up. (Second Floor)

### Fascinating New Millinery Modes That Hint of Paris

PERHAPS in the careless grace of draped duvetyn, the placing of a miniature jeweled pin, or the angle of feather lies the spirit of a smart Hat. To put one's finger on the exact charm is impossible. It is enough to know that there are hats here for the most exacting of tastes and in a wealth of styles for all the times when one's hat must be chic and different and all that is to be expected of one's chapeau.

Pettibone's modes at present include models for the street, sports, afternoon and evening. Priced at \$5.00, \$7.50, \$10.00, \$15.00 to \$35.00 and up. (Second Floor)

### Formal Evening Attire That is New and Interesting

JOYOUSNESS and abandon of the more or less conventional lines of daytime apparel are expressed in evening apparel by the poetry of floating drapery, color, silver lace, the sheen of silk and velvet and gossamer-like tulle and lace. Bouffancy so admirably adapted to the evening gown, outshines the slender silhouette. Gowns for formal wear are a delight to the eye and to one's sense of color and beauty. Priced at \$37.00, \$45.00, \$55.00, \$75.00 to \$225.00. (Second Floor)

### Of Regal Beauty are Autumn Furs

THAT there is an art in the fashioning of peltries into Wraps, Coats, Scarfs and every fur fancy cannot be contradicted when you have inspected Pettibone's truly regal collection of handsome Furs. Whether one must have a fur mantle or a modest choker, confidence may be placed in the quality, service, workmanship and pelts of your selection.

Chokers of natural and fitch opossum -- \$15.00. Of Australian opossum -- \$25.00. Of Jap and Cross Fox -- \$35.00. Of Black marten -- \$35.00. Of stone marten -- \$50.00. Of Patagonian fox in brown and taupe at \$40.00. Of Alaskan fox in taupe, brown and silver at \$48.50, \$65.00, \$85.00 and \$100.00.

Animal Scarfs, stoles, and cape effects in black marten at \$85.00, \$105.00, \$160.00 to \$260.00.

Small Hudson Seal Cape with squirrel collar at \$125.00.

Medium size Hudson seal cape with short stole ends, Australian opossum collar at \$125.00.

Fur Coats of French coney, marmot, coney, French seal, Hudson seal, Australian opossum, civet cat, mole, natural raccoon, at \$145.00, \$175.00, \$235.00, \$275.00, \$325.00, \$350.00, \$500.00, \$650.00 and up. (Second Floor)

### Fall Sweaters are Properly Gay

SWEATERS galore are here—for the golfer, the school girl, the hiker and the woman who likes to wear one over her blouse these crisp days. Sleeveless or not, surplice, Tuxedo, slipover, or Russian blouse effect, there are dozens from which to choose for your particular sweater need. Of fibre silk, plain or brushed wool in all the desired colors and many handsome heather mixtures at \$13.50, \$16.50, \$19.50, \$22.00, \$25.00 and up.

Scarfs and Shawls of brushed wool in solid colors or combination at \$7.50, \$12.00, \$15.00, \$16.50 and \$20.00. (Second Floor)

Lower priced garments for women and children in the popular priced Ready-to-Wear Section—Downstairs.

THE PETTIBONE-PEABODY CO.
